## INTRODUCTION TO YOUR GAUTRAIN GOLD CARD

Your Gautrain Gold Card is a contactless smart card which allows seamless transfer between Gautrain's train, bus and parking services. You can load a variety of different journey products onto your Gold Card and re-use the same card over and over again. You can also register your card with us which will enable blacklisting of the card should it be lost or stolen. Any un-used value can then be refunded or transferred to a new card. Please note that there is a refund handling fee of R30.

#### THERE ARE 3 SECTIONS IN YOUR CARD:

- The LICENSE SECTION stores your card license fee. This once-off fee of R10 is payable when you purchase your card and cannot be refunded or transferred or used to pay for Gautrain services.
  - The PURSE SECTION is used for general Pay-As-You-Go travel on trains or buses or for parking at the station car parks. You can top up the Purse at any station ticket vending machine or ticket office on an as-required basis. The Purse section is automatically debited for whichever service you use. Applicable discounts are automatically credited.
  - The PERIOD PASS SECTION stores weekly or monthly travel passes, for details on these fares refer to [www.gautrain.co.za](http://www.gautrain.co.za).
- Please note that you need at least R20 available in the PURSE SECTION of your Gold Card to board any Gautrain bus and at least R16.50 to enter a station fare gate.
  - Gautrain offers 3 different services - TRAINS, BUSES and PARKING. The bus and parking services are provided primarily to facilitate easier train use. Therefore you will enjoy reduced bus and parking fees if you also use the train within the same trip. You will however pay a higher bus fare and increased parking fees if you use either of these services without also using the train.
