Welcome

The Gautrain system provides you with a safe, comfortable and reliable train service between O.R.Tambo International Airport (ORTIA) and the Sandton CBD ('Airport Service') and between Johannesburg Park Station and Tshwane's Hatfield Station ('Commuter Service'). The Gautrain system includes:

- Drop-off and parking facilities at all stations (except ORTIA).
 - A dedicated bus system.
- These services are fully integrated and may be used separately or jointly by transferring from one to another. The services are all accessed by means of a contactless smart card – your Gold Card. Additional services include Car Rental facilities at Johannesburg Park Station, Sandton and Pretoria Stations.

- A valid Gold Card is required to use the Parking Exit Gate.
- Every passenger requires their own Gold Card.
- Your Gold Card enables you to load a variety of journey products from Pay-As-You-Go to a 35-Day Pass.
- To benefit from multiple use discounts, you will need to use the same Gold Card for all transactions.
- A Gold Card costs R10 and remains valid for 5 years.
- Enquire at any station to purchase a registered Gold Card. This will enable us to blacklist your card if it gets lost and to transfer unused value to a new card for you.

Your Gold Card

- Your Gold Card allows seamless transfers between Gautrain's train, bus and parking services.
- First time users can access the station parking facilities without a Gold Card.
- Once you have purchased your Gold Card, you can use it to access and pay for either the train or the bus services.

Disclaimer:

- This brochure provides a summary of the Gautrain User Guide which is available at Stations.

The Environment

Gautrain is a green way for you to commute. All our activities are governed by an Environmental Management Plan (EMP) with regular audits conducted by trained environmental personnel.

Did you know that you are more than halving your carbon footprint by using the Gautrain instead of your car?

Safety and Security

Your safety and security is our highest priority.

- CCTV cameras provide recorded coverage of all stations and trains as well as key locations along the route.
- Security guards maintain a 24 hour presence in all stations, on trains and in parking areas.
- All Gautrain buses are satellite tracked and equipped with radio communications.
- There is secure fencing along the route and regular patrols prevent unauthorised entry.
